

ACORATE Flat Rate Software

Flat Rate Made Easy!

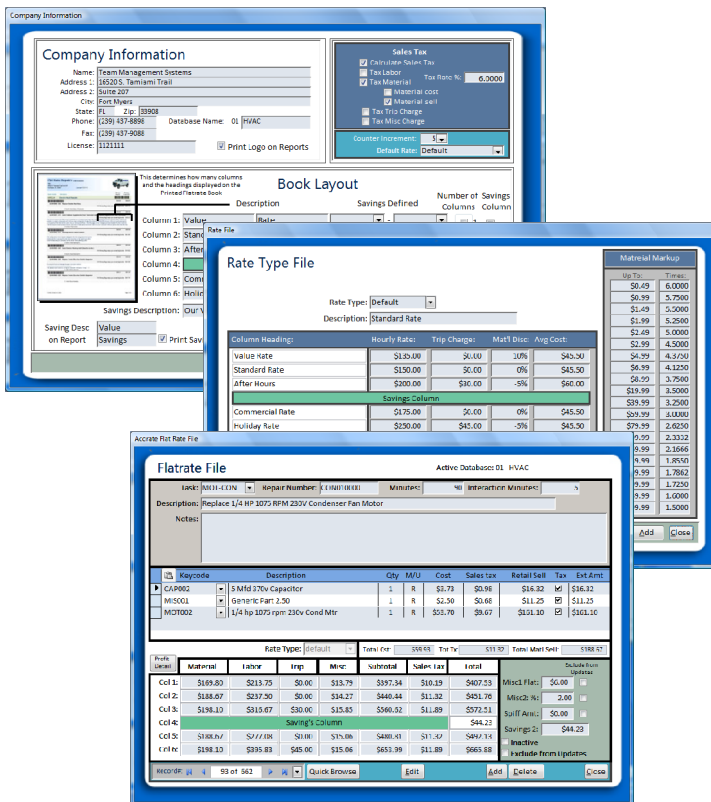

A CORATE is an easy to use Flat Rate Pricing software that allows you to create and print your own Flat Rate Books based on your company's requirements. ACORATE allows your technician's to quote your customer's a pre-determined price based on the repair needed as opposed to charging based on time and material and having to guess at an estimated price. Used properly, ACORATE will reduce the time that it takes to invoice in the field, as well as minimize billing and calculation errors.

With ACORATE's unique setup wizard, you can be printing your custom Flat Rate Books in as easy as 1, 2, 3, Print! Simply fill in your basic company information, enter your company's rates, select which task groups are applicable to your company and you are ready to print your first Flat Rate Book out of ACORATE.
